

Let's Go Around Again, Annalee

When Annalee was seventeen and I was twenty-two
We'd rock-and-roll and do the twist the whole night through
Dancin' always hit the spot but Annalee got hot to trot
She dropped me for a quicker pair of shoes

Annalee, oh Annalee, you know you knocked the powder outa me
Don't tell me it's the end or we gotta be just friends
Let's go around again, Annalee

Annalee changed dancin' partners hundred times or more
In between I'd keep her spinnin' 'cross the floor
Every time I thought I knew I was the one and she'd be true
I'd turn around and she'd be out the door

Annalee, oh Annalee, you know you knocked the powder outa me
Don't tell me it's the end or we gotta be just friends
Let's go around again, Annalee

Let's go around again, Annalee
Let's go around again, Annalee
Don't tell me it's the end, cuz I can't just be your friend
Let's go around again, Annalee

Annalee our dancin' friends are down to just a few
I hear a waltz, let's step on up, just me and you
We'll give these younger kids a show: One, two, three, here we go
Show 'em how we do that dip we do

Show 'em how we do that dip we do
Show 'em how we do that dip we do
Arm around and down you go, flash your smile and point your toe
Show 'em how we do that dip we do
Show 'em how we do that dip we do
