

Throw Your Arms Around Me

Did you notice my hands shake
When I asked you for a date?
Did you hear my voice break
When I said, "I won't be late"?

Throw your arms around me, say you're glad you found me
Tell me that I'm all you're dreaming of
Say, "I'll never leave you" and "I'll always please you"
And "I needed someone just like you to love"

I've been looking all my life
For one kind and truthful wife
Then I caught you looking too
And I knew it must be you

Throw your arms around me, say you're glad you found me
Tell me that I'm all you're dreaming of
Say, "I'll never leave you" and "I'll always please you"
And "I needed someone just like you to love"

I'll be gentle but never weak
I will listen when you speak
I will try to understand
And I will do the best I can

Throw your arms around me, say you're glad you found me
Tell me that I'm all you're dreaming of
Say, "I'll never leave you" and "I'll always please you"
And "I needed someone just like you to love"

Do I love you? Yes, I do
And I hope you love me too
If our love should ever end
I will always be your friend

Throw your arms around me, say you're glad you found me

Tell me that I'm all you're dreaming of

Say, "I'll never leave you" and "I'll always please you"

And "I needed someone just like you to love"

Yes, I needed someone just like you to love
